

Oshawa General RPC Trailer Fund

Most of you know me; I'm Dan Horner fund raising committee chairman for the Oshawa Racing Pigeon Club. All members in the club are kicking off a fund to raise money to purchase a new trailer for the Oshawa club.

We are one of the biggest clubs in Canada with 30 members. As a club we host the biggest young bird derby every year the Oshawa Gold Bond. We want to host many more big events. Like hosting a multi loft race for pigeon flyers much the same as the convention use to host each year, a race in the fall taking in from 200 to 400 birds. Renting a hall and having a dance for participants and their partners.

The Windsor RPC host a multi loft race every year and it is a great event for the sport. We think that the sport is big enough for two great races and I personally support Windsor's race. We want to have a fund raising auction. We also are going to have races to raise money.

Our goal is to purchase a trailer so we can host many events, more Old and Young bird derbies during the year, Saturday shipping prize races. And of course we want to have our trailer so we can continue to make the Oshawa Gold Bond a bigger event.
